ANNUAL GENERAL MEETING and PROXY INSTRUCTIONS

A member (entitled to attend and vote) is entitled to appoint up to two proxies to attend and vote at the meeting in his/her place. A proxy form is included within this Annual Report (refer to pages 28 to 29). A separate proxy form must be used for each proxy. You can obtain an additional proxy form from the Company (or by photocopying the proxy form).

1. Pursuant to Part 13 of the Companies Act 2006 and to Regulation 41 of the Uncertificated Securities Regulations 2001 (as amended), only those members registered in the register of members of the Company at 6.00 p.m. on 1st July 2014 (or if the AGM is adjourned, 48 hours before the time fixed for the adjourned AGM) shall be entitled to attend and vote at the AGM in respect of the number of shares registered in their name at that time. Any changes to the register of members after such time shall be disregarded in determining the rights of any person to attend or vote at the AGM.

2. If you wish to attend the AGM in person, you should make sure that you arrive at the venue for the AGM in good time before the commencement of the meeting. You may be asked to prove your identity in order to gain admission.

3. A member who is entitled to attend, speak and vote at the AGM may appoint a proxy to attend, speak and vote instead of him. A member may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so a member must have more than one share to be able to appoint more than one proxy). A proxy need not be a member of the Company but must attend the AGM in order to represent you. A proxy must vote in accordance with any instructions given by the member by whom the proxy is appointed. Appointing a proxy will not prevent a member from attending in person and voting at the AGM (although voting in person at the AGM will terminate the proxy appointment). The proxy need not be a member, but must be a natural person. A proxy may be appointed by reference to an office held by the proxy (eg "the Company Secretary"). A proxy form is enclosed. The notes to the proxy form include instructions on how to appoint the Chairman of the AGM or another person as a proxy. You can only appoint a proxy using the procedures set out in these Notes and in the notes to the proxy form.

4. To be valid, a proxy form, and the original or duly certified copy of the power of attorney or other authority (if any) under which it is signed or authenticated, should reach the Company's registered office, Heathrow Business Centre, 65 High Street, Egham, Surrey, London, United Kingdom TW20 9EY or by facsimile to +44 (0)1784 497 101, by no later than 11.00 a.m. on 1st July 2014.

5. In the case of joint holders of shares, the vote of the first named in the register of members who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of other joint holders.

6. A member that is a company or other organisation not having a physical presence cannot attend in person but can appoint someone to represent it. This can be done in one of two ways: Either by the appointment of a proxy described in Notes 3 to 5 above) or of a corporate representative. Members considering the appointment of a corporate representative should check their own legal position, the Company's articles of association and the relevant provision of the Companies Act 2006.

NOTICE OF MEETING

EXPLANATORY MEMORANDUM

This Explanatory Memorandum has been prepared for the information of shareholders of Ezybonds (UK) plc ("Ezybonds" or the "Company") in connection with the business to be conducted at the Annual General Meeting of the Company to be held at 11.00 am on Thursday 3 July 2014 at The Swiss Club Level 2, 89 Flinders Lane, Melbourne Victoria, Australia. (Australian time).

This Explanatory Memorandum forms part of the Notice of Annual General Meeting of the Company and comments on the resolutions described below. This Explanatory Memorandum is intended to assist shareholders in understanding the background to and legal and other reasons for the resolutions proposed.

The Directors recommend that shareholders read this Explanatory Memorandum in full before making a decision in relation to the resolutions.

Enquiries

All enquiries in relation to the contents of the Notice of Annual General Meeting or the Explanatory Memorandum should be directed to the Directors, Mr Liston and Mr McShane (telephone: +61 (0)404 199 200).

Ordinary Business

1.1 Adoption of audited accounts

The Companies Act 2006 requires that the audited consolidated accounts of the Group and report of the directors and auditors for the year ended 31 December 2013 be laid before the Annual General Meeting.

Shareholders will be given a reasonable opportunity at the Annual General Meeting to ask questions and make comments on the Group's 2013 audited consolidated accounts.

1.2 Re-election of Mr PJ Pryor

Mr PJ Prior retires as a director by rotation and will stand for re-election in accordance with the Company's articles of association.

1.3 Re-appointment of Auditor

The Company is required to appoint auditors at each general meeting at which financial statements are presented. These resolutions propose the re-appointment of the Company's existing auditors, Menzies LLP, and follow standard practice in giving authority to the board to determine their remuneration.

Special Business

2.1 Authority to issue shares

Under UK company law, specifically section 549, of the Companies Act 2006, Directors may not generally allot any shares, issue securities convertible into shares, or grant options to subscribe for shares without authority given either by a provision in the Company's articles of association or by ordinary resolution (meaning simple majority) of the shareholders of the Company. In addition, the authority granted to Directors of a public company may not continue for a period of more than five years. Save in respect of the issue of the Settlement Shares and the Settlement Warrants (as defined in resolution 2.2) following the passing of resolution 2.2, the directors have no present intention of exercising this authority.

Resolution 2.1 is required to be passed in order to comply with both section 549 of the Companies Act 2006 and the Company's Articles of Association and to allow the Directors general authority to allot shares for general purposes.

2.2 Approval of Settlement Agreement

The Company has reached agreement with Ezybonds Inc. in relation to the settlement of a number of issues relating to the completion of certain obligations relating to the acquisition of Ezybonds Inc. pursuant to the exercise by the Company in 19 December 2005 of the Call Option Agreement dated 2 September 2005 and certain clarifications and waivers in relation to the Marketing and Promotion Agreement with Ezybonds Inc.

Under the agreement with Ezybonds Inc. (the "Settlement Agreement") the Company has agreed to issue to Ezybonds Inc. 149,700,000 new ordinary shares together with the right to receive an additional 200,000,000 new ordinary shares (together the "Settlement Shares") and warrants over an additional 250,000,000 new ordinary shares exercisable at 3.5p per share at any time before 30 June 2016 (the "Settlement Warrants") - the right to the issue of such additional ordinary shares and the

EZYBONDS (UK) PLC

NOTICE OF MEETING

Settlement Warrants being conditional, inter alia, on Ezybonds Inc. not being obliged by such issue to make a general offer to shareholders pursuant to the UK Takeover Code. The right of Ezybonds Inc. to receive the Settlement Shares and the Settlement Warrants is also conditional on the passing, without amendment, of resolutions 2.1, 2.2 and 2.3 at the Annual General Meeting.

2.3 Waiver of pre-emption rights

Section 561 of the Companies Act 2006 requires that before equity shares are allotted in return for cash they must be first offered to existing shareholders on a right of first refusal basis and in proportion to the respective shareholders' existing holdings (the "Pre-emption Rights"). Section 569 of the Companies Act 2006 allows the shareholders of a company to disapply their Pre-emption Rights by passing a special resolution, subject to Resolution 2.1 also being passed.

Resolution 2.3 is the form of resolution which will allow the disapplication of Pre-emption Rights.

The Company is seeking the waiver of Section 561 Pre-emption Rights in order for the Directors to make allotments for general purposes without the need to first offer those shares to existing shareholders.

The waiver of pre-emption rights following the passing of Resolution 2.3 will expire at the Company's 2014 Annual General Meeting.

Recommendation

The directors consider that each of the proposed resolutions set out in the notice of Annual General Meeting are in the best interests of the Company and its shareholders as a whole. Accordingly, the directors unanimously recommend that you vote in favour of the resolutions, as they and those connected with them intend to do in respect of their own beneficial shareholdings, which amount in aggregate to 24,154,380 ordinary shares, representing approximately 6.25 % of the issued share capital of the Company.

CHAIRMAN'S STATEMENT

12 MONTHS ENDED 31 DECEMBER 2013

The last 12 months has seen the continual development of the Ezybonds multi-currency payment system by Ezybonds Inc, a trading partner of Ezybonds. While integration has continued with merchants, the Directors acknowledge the delays in the implementation phase from that previously advised by Ezybonds Inc. However, the Directors are advised that the payments system is now operating successfully, and that a number of Ezybonds merchants are now integrating with the Ezybonds Payment Platform. The Board of Directors are optimistic there will be a significant rollout of the Ezybonds processes in the 2nd half of the new financial year.

This year the audited Group turnover is £4,095. The Group has reported an operating loss of £521,859 compared to the profit for the 18 month period of £8,692 in 2012. During 2012 The Group incurred a loss on disposal of Ozland Technology of £739,442.

At a meeting of warrant holders held on 26 April 2013, it was agreed to extend the exercise date of the ISDX-quoted warrants from 30 April 2013 to 15 December 2013. At a subsequent General Meeting held on 13 December 2013, it was agreed to extend the warrant exercise date to 15 June 2014. It is expected that this will be the final exercise date of these warrants.

The Directors conducted a detailed impairment review of the carrying value of the investment of EzyPromotions Limited and its royalty agreements. EzyPromotions Limited receives a Royalty of 60% of the net income generated by the Ezybonds Payment Platform. As at 31 December 2013, the combined cost across the group of the investment was £47,060,572. The impairment review conducted by the Directors involved reviewing all of the merchants contracted to Ezybonds, identifying the transaction types and fees that would be expected to be generated over a five year period. A Net Present Value calculation was prepared, using cost of capital rates of 45% and 55%, which resulted in a Net Present Value in excess of the cost of the asset under both scenarios. Further disclosure has been provided within Note 10 to the financial statements. For this reason the Directors decided not to adjust the value of the investment.

During the past few months your Directors have conducted a review of the administration of the Company. A number of options are currently under discussion including a review as to whether the Company would benefit from a move to another stock market such as AIM, the junior market of the London Stock Market. Further updates will be provided in due course if they are required.

The Directors remain confident that the Ezybonds brand will continue to secure a prominent place in the emerging global payments industry and continue to provide cost effective and timely remittance of funds for its growing number of merchants and clients.

DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the group for that year. In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Directors are aware:

- there is no relevant audit information of which the group's auditor is unaware; and
- the Directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF EZYBONDS (UK) PLC and Subsidiaries

12 MONTHS ENDED 31 DECEMBER 2013

We have audited the group and parent company financial statements ("the financial statements") of Ezybonds (UK) PLC and Subsidiaries for the year ended 31 December 2013 which comprises the Group Profit and Loss Account, Group Balance Sheet and Company Balance Sheet, Group Cash Flow and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's shareholders, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITOR

As explained more fully in the Directors' Responsibilities Statement set out on page 9, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/private.cfm.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements:

- give a true and fair view of the state of the group's and parent company's affairs as at 31 December 2013 and of the group's loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

EMPHASIS OF MATTER - Intangible Assets, Investments and Debtors

In forming our opinion on the financial statements we have considered the adequacy of the disclosures made in note 10, note 12 and note 13 concerning the carrying value of the group's intangible assets, the company's investment in subsidiary undertakings and amount owed by that undertaking.

The support for the carrying value of intangible assets and recovery of the investment in and amount owed by the subsidiary undertaking are dependent upon the future cash flow generated from the royalty assets owned by that subsidiary. The business to which these royalty assets relate remains in the development stage. In addition, the royalties derive from a business that is not under the control of the company or group. The Directors have prepared cash flow forecasts for the royalty assets that necessarily include significant assumptions regarding potential revenue growth over the next five years. The significance of these assumptions, and uncertainty regarding the future revenues to be generated from the royalty agreements, represent material uncertainties which impact the value of the intangible assets in the group balance sheet and value of the investment and recoverability of the debtor due from the group undertaking's in the company's balance sheet. The financial statements do not include any adjustments that would result if these assumptions proved to be incorrect and an impairment or recoverability provision was required against the carrying value of these assets.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

EZYBONDS (UK) PLC

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF EZYBONDS (UK) PLC and Subsidiaries 12 MONTHS ENDED 31 DECEMBER 2013

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

MANAGEMENT INFORMATION

12 MONTHS ENDED 31 DECEMBER 2013

1. BASIS OF PREPARING THE FINANCIAL STATEMENTS

Going Concern

The Group generated a loss of £521,843 in the 12 Month period ending 31 December 2013.

The Group's future income will be derived from the royalty agreements secured by EzyPromotions Limited with Ezybonds Inc. This agreement entitles EzyPromotions Limited to a 60% share of all revenue received by Ezybonds Inc (excluding revenue derived from funds held in the Bonus Pool Account).

Income is expected to be generated under these agreements during the year ended 31 December 2014 and in the years thereafter. The Directors have prepared detailed projections for a period of 5 years commencing from 1 January 2014. The Directors have carefully considered the assumptions and sensitivities of these projections and are confident that the group will remain within the level of finance available for the foreseeable future.

In arriving at this view, the Directors acknowledge the inherent uncertainty akin to the current economic climate and the inherent risks that surround the achievability and timing of the projected income. The commencement of the income streams deriving from the royalty agreements with Ezybonds Inc have begun to flow at the point of finalising these financial statements and based on their current knowledge, the Directors remain confident that the group will achieve the positive forecast results and cash flows for the next 12 months.

The Directors consider that the cash balances reported in these accounts are adequate to fund the operational activities of the company. On April 4, 2014, the Directors announced to the market that it had finalised a placement of 26,714,470 shares, raising £854,864. The Directors consider this placement to be adequate to fund the operation activities of the company for the 12 month period from the date that the accounts are agreed.

The Directors of the Group have concluded that the combination of these circumstances does mean the Group is able to continue trading within its current working capital position. Having considered any associated uncertainties, and given the potential to raise additional finance, the Directors have a reasonable expectation that the group has adequate resources to continue in operational existence for a period of 12 months from the date the accounts were signed and as such have prepared the accounts on the going concern basis.

The Company's revenue stream is dependent upon the continued on-going operation of the Ezybonds Payment Platform operated by Ezybonds Inc. The Directors have relied upon statements from Ezybonds Inc that it has the financial resources to continue to operate the Ezybonds platform.

2. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable accounting standards.

Basis of consolidation

The Group financial statements comprise the financial statements for Ezybonds (UK) PLC and its subsidiary undertakings Ezymarketing Limited and EzyPromotions Limited. No profit and loss account is presented for Ezybonds (UK) PLC as permitted by Section 408 of the Companies Act 2006.

Turnover

The turnover shown within the profit and loss account represents the following components;

- Income received in accordance with the license agreement held between Ezybonds Inc and EzyPromotions Limited

All income is stated net of VAT.

Goodwill

Goodwill arising from the purchase of subsidiary undertakings represents the excess of the fair value of the purchase consideration over the fair value of the net assets acquired.

The goodwill is capitalised as an intangible asset and amortised on a straight line basis from the time of acquisition over its useful economic life unless a permanent diminution in value occurs, in which case the goodwill is written down to the appropriate carrying value.

EZYBONDS (UK) PLC

MANAGEMENT INFORMATION

12 MONTHS ENDED 31 DECEMBER 2013

2. ACCOUNTING POLICIES (*continued*)

Amortisation

Amortisation is calculated to write off the cost of goodwill and the royalty entitlement over the period of its useful economic life as follows:-

Goodwill on acquisition of subsidiary undertakings and royalty entitlements - 20 years straight line

No amortisation has been charged in the period because the business to which the goodwill and royalty entitlement relates has not yet commenced trading activities to the level intended.

Fixed asset investments

Fixed asset investments are included in the Company's balance sheet at cost after provision for any permanent diminution in value. The Company has taken advantage of Section 612 of the Companies Act 2006 and where consideration for purchase of a subsidiary undertaking includes the issue of shares, these have been included at nominal value.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Computer equipment - 33 1/3% per annum

Point of sale terminals - 20% per annum

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

- provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;
- provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable;
- deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

Company

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured at historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items and on the retranslation of monetary items are taken to the profit and loss account. Exchange differences arising on non-monetary items, carried at fair value, are included in the profit and loss account, except for the differences arising on the retranslation of non-monetary items in respect of which gains and losses are recorded in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

2. ACCOUNTING POLICIES (*continued*)

Group

For the purposes of preparing consolidated financial statements, the assets and liabilities of foreign subsidiary undertakings are translated at the exchange rates ruling at the balance sheet date. Profit and loss items are translated at the average exchange rates for the year, unless exchange rates fluctuated significantly in the year, in which case the exchange rates ruling at the dates of the transactions are used. Exchange differences arising are taken to the Group's foreign currency translation reserve. Such exchange differences are recognised in the profit and loss account in the year in which a foreign subsidiary undertaking is disposed of.

Goodwill and fair adjustments arising on the acquisition of a foreign subsidiary undertaking are treated as assets and liabilities of the foreign subsidiary and translated at the closing rate.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Investments

All investments are initially recorded at cost, being the fair value of the consideration given and including acquisition costs associated with the investment. All purchases and sales of investments are recognised using trade date accounting.

Investments classified as held-to-maturity are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the profit and loss account when the investment is derecognised, or impaired, as well as through the amortisation process.

Investments are fair valued using quoted market prices, independent appraisals, discounted cash flow analysis or other appropriate valuation models at the balance sheet date.

Trade and other debtors

Trade and other debtors are recognised and carried forward at invoiced amounts less provisions for any doubtful debts. Bad debts are written off when identified.

Cash and cash equivalents

Cash and cash equivalents are included in the balance sheet at cost. Cash and cash equivalents comprise cash at bank and in hand and short term deposits with an original maturity of three months or less.

Interest-bearing loans and borrowings

All loans and borrowings are recognised initially at cost, which is the fair value of the consideration received, net of issue costs associated with the borrowing.

After initial recognition, interest-bearing loans and borrowings are measured at amortised cost using the effective interest method. Gains or losses are recognised in the profit and loss account when liabilities are derecognised or impaired, as well as through the amortisation process.

Derivative financial instruments

The group does not use derivative financial instruments such as foreign currency contracts and interest rate swaps to hedge its risks associated with interest rate and currency fluctuation risk.

MANAGEMENT INFORMATION

12 MONTHS ENDED 31 DECEMBER 2013

10. INTANGIBLE FIXED ASSETS (continued)

On consolidation the intangible fixed assets of the group are represented by two significant assets. These are goodwill on consolidation of £24,560,572 and Royalty Entitlements of £22,500,000 that are in addition to the original purchase of EzyPromotions Limited. Note 13 *Debtors* refer to the amount owing by EzyPromotions Limited to the parent company resulting from the purchase of the additional Royalty Entitlements. The Directors believe that this amount outstanding will be serviced in full from future revenues.

£24,560,572 of the goodwill above arises on the consolidation of EzyPromotions Limited into the group accounts. At the date of acquisition, EzyPromotions Limited has no identifiable assets or liabilities other than the worldwide marketing and distribution rights to the Intellectual Property of Ezybonds Inc. The entire fair value of the consideration of £47,060,572, which includes £297,014 of additions in the current year, has therefore been allocated to goodwill. The goodwill arising on the acquisition was attributable primarily to the fact that EzyPromotions Limited was originally granted a royalty entitling it to 15% of the fees generated by the Ezybonds online payment gateway.

Subsequent to the purchase of EzyPromotions Limited in 2005, there have been a number of additional royalty increments purchased from Ezybonds Inc for a total cost of £22,500,000. In June 2012 an additional 10% Royalty was purchased for the consideration of 50,000,000 Ezybonds UK Plc 10p fully paid shares. These increments amount to 45% of the fees generated by the Ezybonds online payment gateway. On consolidation the total entitlement to revenue is now 60% of the fees generated by Ezybonds. (Excluding revenue derived from funds held in the Bonus Pool Account)

As explained in Note 22 the Directors have reached agreement with Ezybonds Inc. in relation to the settlement of a number of issues relating to the completion of certain obligations relating to the acquisition of EzyPromotions Limited pursuant to the exercise by the Company in 19 December 2005 of the Call Option Agreement dated 2 September 2005 and certain clarifications and waivers in relation to the Marketing and Promotion Agreement with Ezybonds Inc. The right of Ezybonds Inc. to receive the Settlement Shares and the Settlement Warrants is also conditional on the passing, without amendment, of resolutions 2.1, 2.2 and 2.3 at the Annual General Meeting.

The Directors conducted a detailed impairment review of the value of the carrying value of the investment of EzyPromotions Limited and royalty entitlements. EzyPromotions Limited receives a Royalty of 60% of the net income generated by the Ezybonds Payment Platform. As at 31 December 2013, the combined cost across the group of the investment in shares and royalty entitlements is £47,060,572. The impairment review required the Directors to make a number of assumptions; these included the volume and timing of the merchant and customer integration, determination of the volume and type of client transactions, which was based on historical data and fees generation which was based on actual transaction fees. From this data a financial forecast for a five year period was generated. A Net Present Value calculation was prepared, using cost of capital rates of 45% and 55%, which resulted in a Net Present Value in excess of the cost of the asset under both scenarios.

The payments platform is expected to generate significant profits in the future and, as a result, EzyPromotions Limited is expected to be profitable once the income stream begins to be generated. The Directors currently anticipate that profits will begin to be generated in the year ended 31 December 2014. However, there can be no certainty with regards to the level of income that might be generated and if the Directors' projections are not fulfilled this will adversely affect the value of goodwill and royalty entitlements. The Directors consider the future value of the income stream is at least the carrying value of the intangible assets held, and therefore no provision is deemed necessary.

Ezybonds Inc has advised the Directors that it is committed to the development, implementation and growth of the Ezybonds Payments Platform, and that it has the resources to support these activities.

During the period ended 31 December 2012 the company disposed of the share capital of Ozland Technology Pty Ltd for £1.

Included within the investment cost brought forward, £448,500 relates to Ezymarketing Limited, a wholly owned subsidiary, which was acquired in December 2000 and is incorporated in Great Britain.

In light of the fact that Ezymarketing Limited are no longer trading and have no immediate intentions to return to a trading position, full provision has been made against the asset.
